LRB098 09057 OMW 49157 a

1 AMENDMENT TO SENATE BILL 1595

2 AMENDMENT NO. _____. Amend Senate Bill 1595 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The School Construction Law is amended by
5 changing Section 5-40 as follows:

6 (105 ILCS 230/5-40)

7 Sec. 5-40. Supervision of school construction projects;
8 green projects. The Capital Development Board shall exercise
9 general supervision over school construction projects financed
10 pursuant to this Article. School districts, however, must be
11 allowed to choose the architect and engineer for their school
12 construction projects, and no project may be disapproved by the
13 State Board of Education or the Capital Development Board
14 solely due to a school district's selection of an architect or
15 engineer.

16 With respect to those school construction projects for

1 which a school district first applies for a grant on or after
2 July 1, 2007, the school construction project must receive
3 certification from the United States Green Building Council's
4 Leadership in Energy and Environmental Design Green Building
5 Rating System or the Green Building Initiative's Green Globes
6 Green Building Rating System or must meet green building
7 standards of the Capital Development Board and its Green
8 Building Advisory Committee. With respect to those school
9 construction projects for which a school district applies for a
10 grant on or after July 1, 2009, the school construction project
11 must receive silver certification from the United States Green
12 Building Council's Leadership in Energy and Environmental
13 Design Green Building Rating System unless all of the following
14 are met:

15 (1) the application submitted can be categorized as a
16 capital need prioritized under item (1) of Section 5-30 of
17 this Law;

18 (2) the renovation or replacement school construction
19 project is less than 40% replacement cost, or the project
20 has been granted a waiver by the Capital Development Board
21 in consultation with the State Board of Education in
22 accordance with rules promulgated pursuant to this Law;

23 (3) the school construction project is located in a
24 county that borders the Mississippi River with a population
25 of more than 33,000 and less than 34,000, according to the
26 2010 decennial census;

1 (4) the school district for which the school
2 construction grant will be issued has no more than 1,100
3 students, with the relevant school facility housing no more
4 than 700 students;

5 (5) the facilities for which the school construction
6 grant will be used have been condemned as of July 23, 2012;
7 and

8 (6) the application for the school construction grant
9 has been approved prior to the effective date of this
10 amendatory Act of the 98th General Assembly.
